Mark Sellers

*Mission Assurance Associate Labs Director
Sandia National Laboratories*

As the Mission Assurance Associate Labs Director for Sandia National Laboratories, Mark Sellers leads and manages quality assurance systems, contractor assurance systems, and cyber security.

Prior to joining Sandia, Mark spent 30 years gaining professional experience, including more than 12 years in mission assurance. He led quality, safety, and mission assurance for Northrop Grumman, with nine years of managing U.S. Department of Energy (DOE) projects and 16 years leading mission assurance and system engineering organizations in support of U.S. Department of Defense (DoD) and Intelligence Community projects in Cyber, Defense & Technologies, Missile Defense, and Intelligence Divisions.

Most recently, as Mission Assurance and Programs Manager, Mark established missions assurance and programs functions for a newly created \$500 million/year business unit focused on cyber, command and control, and information technology services for DoD customers. He has led mission assurance for large, complex, high-consequence, high-visibility programs in geographically dispersed locations.

Mark is a certified Six Sigma Black Belt, with \$15 million in documented savings, and an SAE-certified Lead Auditor, with a proven history of improving mission assurance engagement, which in turn improves operational performance.

Sandia National Laboratories is a multi-mission laboratory managed and operated by National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International, Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.
